

## 2018 Aerial Images – West Point

*Photography by John A. Brebner, 2018*

*Image 18-03233*

West Point is an historic area settled by pioneers after the American Revolution. Acquired by the Park in 1977, this area of former farmland is being returned to its natural state with the planting of native hardwood and softwood trees, often with financial support from the Friends of Sandbanks and its partners.

These images show the newest trail connecting existing hiking and biking trails within the Park.
