Included here are **only the events that are taking part within the Park**. The Friends participate in several other County Events and Fundraisers offsite, and these events will be publicized through our social media feeds during the year.

We encourage the participation of any County charitable groups, especially during our **three beach cleanup projects** this summer.

Please email us at [media\\_relations@friendsofsandbanks.org](mailto:media_relations@friendsofsandbanks.org) to find out how you can be part of our ongoing environmental work. We need as many hands as possible!
